Looks like Puxatony Phil was correct - 6 more weeks of winter! As an educator, I understand the need for a break every now and then, but I also value consistency in in-person instruction. So, thank you for your flexibility with the changes to our normal schedule caused by inclement weather that has come our way recently. Sometimes these decisions require no thought at all, and at other times, it is complete estimation, but every time the highest priority is the safety of our HCA families. It is my desire to make a decision on whether or not to cancel school for inclement weather by 7:00 PM on the night before, if at all possible, so that you have an opportunity

to make arrangements for childcare if necessary. As I told another administrator, I would rather be wrong the night before than put parents, grandparents, and others in a position to have to get students from school because of early release. Now, there will be times when the decision will be delayed until the morning, but with the availability of NTI, hopefully we can minimize those situations. Our teachers and staff are excellent, and your students deserve every opportunity to sit in front of them and learn. Thank you for being a part of the tradition of academic excellence based on Biblical principles!

Some of you, undoubtedly, are curious about the remainder of the Homecoming activities. I have spoken with Mr. Holt about a couple of possibilities and he will speak with Student Government to see what they want. That information will be released as soon as a decision is made.
