As I write the last edition of the Warrior Weekly letter for the 2023-2024 school year, I am amazed at the work of our Heavenly Father in this place. The seniors who graduate this year are the first students I met when my tenure of headmaster began. Several of them had come to school on a random day in July to paint a classroom. On that day, that group of seniors demonstrated a characteristic that I have found in all of the

seniors in this graduating class- servanthood. Each and every one of them wants to serve others because that is the model that Jesus left for them to follow.

As I reflect on this year, I often feel like I am reading the words of the Old Testament prophets. Some days the words focus on the presence and power and passion and the promises of the Lord. Some days the words focus on the insufficiencies and the improvements needed to be in the center of His will. In either case, every day has brought the word of the Lord to this place, and He wants to work through all who enter these doors, students, staff, and stakeholders alike. I cannot express enough appreciation for the work of the staff over the last year in preparation for the ACSI visit, nor can I express enough appreciation for the work of the PTF this year helping to provide items necessary for the safety of the HCA students. This year, many churches have reached out in love and support, and have blessed our staff and students. Several local businesses have also graciously supported the mission and ministry of the school. So many experiences and expressions that simply create an overwhelming sense of gratitude.

Many of you have received the information about Blackbaud. In addition to the new financial structure, Blackbaud is also developing a new website and student information system so that all of the school information will be housed in one location. Watch for information about those processes as well!

Finally, thank you for entrusting your students to us each and every day. As a faculty, we feel honored to serve the Lord and your family in this school, and we want to thank you for sharing the desire to take the wisdom of God into the world!
